Profile Summary

Information and Communication Technology (ICT) undergraduate and aspiring Business Intelligence Intern with practical experience in data analysis and visualization through projects. And also with hands-on full-stack experience through projects in Software Development like collaborative learning system, e-commerce system. Skilled in Java, PHP, MERN stack, React.js, SQL and APIs. Strong teamwork and problem-solving abilities demonstrated in 3–4 member development groups.

Education

Bachelor of Information and Communication Technology Honours [BICT(Hons)]
Uva Wellassa University of Sri Lanka (3rd Year Undergraduate)

Nov 2023- Present

- Completed coursework in programming, database management, software engineering, operating systems, networks, AI, and web/mobile app development

G.C.E. Advanced Level–Technology Stream, Sivali Central College, Ratnapura

2018 - 2021

- Actively participated in academic and extracurricular activities, Certifications & Achievements

Technical Skills

- Programming Languages: Python, Java, SQL, JavaScript
- Data Analysis & BI Tools: Pandas, NumPy, Power BI
- Frameworks & Libraries: React.js, Node.js
- Web Technologies: HTML, CSS, JavaScript
- Databases: MySQL, MongoDB
- Tools & Platforms: GitHub, VS Code
- Concepts: Data Analytics, EDA, KPI Dashboards, OOP, Responsive Design

Communication & Soft Skills

- Strong verbal and written communication in both English and Sinhala for teamwork and documentation
- Problem-solving and analytical thinking applied to software and BI projects
- Team collaboration in agile environments, coordinating tasks and managing project workflows
- Ability to explain technical concepts to non-technical stakeholders in both languages
- Collaborated in 3–5 member agile teams, participating in full development lifecycle and using GitHub for version control

Projects

Gemora - Gem Trading Platform

Nov 2025 – Present

<https://github.com/sasi708/GEMORA.git> <https://github.com/Dasan-Maduranga/GEMORA-backend>

- Developed a MERN stack web application enabling secure gemstone trading between buyers and sellers
- Implemented user authentication, product listings, and buyer–seller communication with real-time database updates
- Improved transaction efficiency and product availability management using MongoDB, Express.js, React.js, and Node.js

E-Commerce Analytics Dashboard | Power BI

Nov 2025

<https://github.com/Dasan-Maduranga/E-commerce-dashboard.git>

- Developed an interactive Power BI dashboard using 5,000+ records
- Analyzed sales performance, revenue trends, delivery time, and customer behavior
- Designed KPIs, dynamic slicers, and visual reports for business tracking
- Supported data-driven decision-making through clear and actionable insights

BMW Sales Data Dashboard (2010–2024) | Power BI

Dec 2025

<https://github.com/Dasan-Maduranga/BMW-Sales-Dashboard>

- Developed an interactive Power BI sales analytics dashboard analyzing BMW sales data from 2010 to 2024
- Analyzed sales volume, model performance, engine size, fuel type, color distribution, and transmission trends
- Built KPIs, slicers, and comparative views for Manual vs Automatic transmission analysis
- Enabled data-driven decision-making through clear visualizations and performance insights

Student Performance Analytics | Pandas, NumPy, Power BI

Jan 2026

<https://github.com/Dasan-Maduranga/Student-Performance-Analytics-Dashboard>

- Cleaned and analyzed student performance data using **Python (Pandas, NumPy)**
- Identified academic trends by **gender, lunch type, parental education, and test preparation**
- Built an **interactive Power BI dashboard** to deliver actionable, data-driven insights

Sales Analysis Dashboard | Python, NumPy, Power BI

Jan 2026

<https://github.com/Dasan-Maduranga/Sales-Overview>

- Cleaned and aggregated sales data using **Python (NumPy)**
- Built an **interactive Power BI KPI dashboard** to track revenue, top products, and sales performance
- Generated **actionable business insights** to support data-driven decision-making

QuickQuiz – Simple Quiz Application

Aug 2025

<https://github.com/Nisal-Kawshalya/Quick-Quiz>

- JavaFX application for quiz management with role-based access, interactive front-end, and cloud-backed storage
- Teachers can create quizzes, students can attempt them with automated scoring and result tracking
- **Technologies:** Java, JavaFX, Firebase (Firestore), file-based storage

SkillNet – Skill Sharing and Knowledge Discussion Platform

Jul 2025

<https://github.com/Dasan-Maduranga/SkillNet.git>

- React/Next.js web app for peer-to-peer learning with real-time discussions and video calls
- Integrated Firebase (Auth Firestore, Realtime DB, Cloud Functions) and **Jitsi Meet API** for secure, interactive sessions and responsive UI with Tailwind CSS
- **Technologies:** React, Next.js, Firebase, Jitsi Meet, JavaScript, HTML, CSS

Certifications

- | | |
|--|--------------------|
| • Web Design for Beginners, CODL – University of Moratuwa 15
November 2025 Verification Code: bmBL7VWaDv | <i>15 Nov 2025</i> |
| • Python Programming Certificate, CODL – University of Moratuwa
Verification Code: yrdCwlAdwl | <i>13 Nov 2025</i> |
